ABOUT ME

I'm a Passionate Full-Stack Developer focused on building clean, high-performance, and user-centric digital experiences. Skilled in blending technical precision with creative problem-solving, modern design principles, and AI-assisted development to deliver scalable, polished, and impactful products.

EDUCATION

DVR &Dr. HS MIC College of Technology (Autonomous), kanchikacherla - Affiliated to JNTUK

Master of Computer Applications (MCA)

2024-2026[pursuing]

- Completed industry-focused training in **Full Stack Web Development**, covering React.js, Node.js, Express.js, MongoDB, and RESTful APIs.
- Acquired practical knowledge of **Java Programming**, Object-Oriented Programming (OOP), and Data Structures.
- Strengthened skills in **Database Management Systems (DBMS)**, SQL query optimization, and database design.
- Gained hands-on experience in **Web Technologies** including HTML5, CSS3, JavaScript, and responsive design principles.

Gowtham Degree College, Vijayawada -Affiliated to Krishna University

Bachelor of Science (B.Sc.) in Computer Science

7.6CGPA||2021-2024

- Built a strong foundation in Computer Science, programming, database management, and problem-solving.
- Developed analytical and quantitative skills through Mathematics and Statistics.
- Gained knowledge of software development concepts, data analysis, and computational thinking.

WORK EXPERIENCE

1.INTERNSHIP

AI & Prompt Engineering Intern

Blackbuck Engineers Pvt. Ltd. | May 2025 – Jul 2025

120-Hour Short-Term Internship

- Completed hands-on training in Generative AI, Prompt Engineering, and ChatGPT-based applications.
- Developed and optimized prompts to improve AI-generated responses for various business and technical use cases.
- Explored practical applications of Large Language Models (LLMs), AI-assisted content generation, and workflow automation.
- Gained experience in designing, testing, and refining prompts to enhance output quality, accuracy, and efficiency.
- Collaborated on AI-driven problem-solving exercises and real-world case studies.

2.FREELANCING PROJECT-1

Project Title: *AOTMS – Academy Of Tech Masters*

Role: *MERN Stack Developer – Frontend Dev*

Duration: *[23 DEC 2025 – 23 JAN 2026]*

Team Size: *[4 Members]*

- Successfully completed a real-world freelance project in collaboration with a cross-functional team.
- Gathered and analyzed client requirements to design and deliver a scalable solution.
- Developed and implemented core features using [Technologies / Tools Used].
- Ensured responsive UI, performance optimization, and cross-browser compatibility.
- Coordinated with team members using Git/GitHub and followed best development practices.
- Delivered the project within the agreed timeline and met all client expectations.

3.FREELANCING PROJECT-2

Project Title: *AOTMS – Academy Of Tech Masters*

Platform: *Learning Management System Portal*

Role: *MERN Stack Developer – Frontend Dev*

Duration: *[FEB 2026 – APR 2026]*

Team Size: *[4 Members]*

- Architected and delivered a client-focused Learning Management System (LMS), supporting course lifecycle management, learner engagement, assessment workflows, and administrative operations.
- Translated business requirements into scalable software solutions while maintaining high standards of performance, usability, and system reliability.
- Collaborated with stakeholders throughout the development lifecycle, from requirement analysis to deployment and post-delivery enhancements..

ACHIEVEMENTS

- Won 3rd Price In The Andhra Innovative Hackaton For Building LMS Portal.
- Completed the "How Software Teams Actually Work" professional development program by Frontlines Edu tech Pvt. Ltd.
- CODE SPARK India 2025 – National-Level Coding & Innovation Hackathon Participant
- Rise in & Build on APTOS – Certified Blockchain Bootcamp Graduate
- Machine Learning Webinar Certification – GUVI & HCL
- Winter School on Blockchain Technologies – IIT Madras (CYSTar)

SKILLS

Friendly, Positive Attitude, Time Management, Teamwork& Collaboration, Multitasking Abilities, Blockchain, JavaScript, TypeScript, Python, React, HTML, Vibe Coding, Tailwind CSS, Node.js, UI/UX, Vibe Coding, LLM, MongoDB, PostgreSQL, REST APIs, Firebase, Machine Learning, Git.
